Japanese style (shallower needling technique, moxa, shiatsu) – Monday mornings  
Five Element (treatment based on your constitutional element) – Tuesday mornings

**Professional Clinic:** 90 minute acupuncture treatment with professional acupuncturist, plus ~3 student interns observing. \$35 (no discounts available). If you decide to purchase herbs, that is an additional cost.

We offer a Master's Degree in Acupuncture only, in addition to the original Master's in Oriental Medicine. Students taking Acupuncture only will not receive the training in Chinese Herbs, and will continue in 200 level clinics for the duration of their program. As a result, we tend to have more 200 level clinics available than 300. Unless you specifically need herbs, we may preferentially book you into a 200 level clinic.

Students are only allowed to treat an individual 7 times total during their training here. This is to ensure that the student sees a variety of health issues and receives better preparation for their career in the health care field. Your intern will refer you to a new intern at your 7th treatment with them.

We are unable to file insurance claims. There is a \$15.00 fee for returned checks. We have a **24-hour cancellation policy** and we appreciate as much notice as you are able to provide us. We will give you a reminder call 2 business days prior to your appointment.

In the event your intern is absent on the day of your appointment, we will provide treatment with a substitute intern. If we are unable to provide a treatment, we will attempt to contact you.

When Boulder Valley Independent School District is closed due to inclement weather, our clinic will be closed also.

***We offer high quality, low cost acupuncture to the public. We trust you will find us to be an excellent resource to assist you with your health care goals. And again, thank you for choosing us!***
