

# *Introduction to Injection Therapy*

2-Day Weekend Seminar Schedule

**June 29<sup>th</sup> & 30<sup>th</sup>, 2019 (Sat. & Sun.)**

**9am – 5pm**

**Taught by Michael Young, L.Ac.**

- Topics Covered:**
- \* Injecting Homeopathics, Saraphin & Procaine
  - \* Trigger Point Injections
  - \* Basics of Cosmetic Technique

This class has limited enrollment; it is a hands-on introduction to injection therapy. The class size is limited to ensure that everyone has ample practice time in a non-rushed spirit. This allows Michael to spend a good amount of time with each person to make sure everyone is comfortable with what is presented. The lecture portion of the class is about 3-4 hours and focuses on basic syringe techniques, safety issues, and understanding the FDA-approved injectable. The practical portion of the class (the remainder) is a hands-on approach with the goal being to provide an introduction to the most common trigger points and how to inject them, as well as basic training in cosmetic injection therapy.

**COST:** \$500 – Licensed Professionals (10% discount available to AAC members)  
\$420 – Alumni / Students  
\$350 – SWAC Santa Fe Students due to travel
